

“Sending Tina to the Expressions Camp is probably the best thing I have ever been able to do for my daughter. She came to Expressions in its first year, she had just turned 13. She has had a wonderful summer camp experience - something we didn't think was possible before.”

~ **Kathy (parent)**

“This camp has had an amazing effect on my client and her development! I have seen such a big change in her since she began camp. Her recall is much quicker, she likes talking about her day now, and she has more ‘bubblyness’ to her. I haven’t met you but I can tell you are wonderful teachers who really know your campers and really care. I’m thrilled that my client is having such a wonderful experience with you!”

~ **Camper’s ABA Therapist**

The JUNIOR CAMP (ages 6-12) is designed to develop age appropriate social skills within a natural setting. Groups meet daily for 40 minutes where specific skills instruction takes place. The remainder of the day consists of typical camp activities that provide campers with multiple opportunities to practice and generalize their social skills with same aged peers.

The TEEN CAMP (ages 13-18) allows adolescents to spend time in the community in order to prepare them for increased independence. Age appropriate skills are addressed such as: hygiene, appearance, and appropriate conversations with the opposite sex, in addition to the ongoing practice with friendship skills, conversation, reading social cues, handling teasing, weekly community trips and much more.. There is also a social dance at the end of the summer to help prepare our young teens for school dances.

The PRE SCHOOL CAMP (ages 4-5) is designed for children who require a low camper to counselor ratio and benefit from consistent peer interaction and consistent social skills practice. The preschool camp will run from 9:00 A.M to 11:30 A.M. Social skills addressed at camp will mimic those needed for success in school as well as on the play ground.

Expressions Day Camp
At George School

A Camp Concepts Camp
~ Camps That Care ~

A day camp specifically designed for boys and girls with High Functioning Autism, Asperger's Syndrome, Nonverbal Learning Disabilities and PDD-NOS and similar social challenges

Ages 4-18 years old

About the program

Expressions at George School is a unique recreational summer day camp program designed to meet the needs of children, ages 4-18, who have different types of social skill deficits such as High Functioning Autism, Asperger's Syndrome, Nonverbal Learning Disabilities and PDD-NOS. Expressions at George School is a special place where your child can safely enjoy a fun summer camp experience while improving and practicing his or her social skills.

Formed in consultation with professionals in the field and an active parent steering committee, Expressions provides a much needed program for the specific needs of its campers. In addition to a program full of age appropriate games and activities, Expressions will incorporate activities designed to develop skills in the following areas: conversation, team-building, non-verbal communication, frustration tolerance, friendship making, problem solving, emotional development & opportunities for personal creativity. Other activities in this camp include arts & crafts, music, movement and dance,

swimming, computers, nature, team challenge elements, Yoga, Karate, hiking, stream hunting and more.

Expressions is a 6 week day camp. Because Expressions is a program designed to teach and reinforce prosocial behaviors, we strongly recommend campers attend at least 2 consecutive weeks in order to provide greater consistency and reinforcement in learning, allow for a smooth transition period,

and ultimately achieve the most positive results for each camper. Other week selections may be made in consult with the director, Stephanie DeSouza.

If you have questions or want to discuss whether or not this camp may be the right place for your child, please contact the director

Our Director

Stephanie DeSouza has been in the field of social work for over 14 years, working closely with children, adolescents and adults with disabilities. She received her Masters degree from Temple University and is a Certified School Social Worker in New Jersey, providing case management and counseling services to students with special needs. In addition, Stephanie has a private practice in Bucks County where she primarily works with children and adults who are on the Autistic Spectrum. In her practice, she specializes in and runs social skills groups for this population and provides support services to parents and family members of autistic children.

Our Philosophy

We believe all children have a powerful urge and curiosity to learn about themselves and the world around them. The best opportunities for learning come from socialization, exploration and discovery. Expressions provides a professional and competent staff willing and ready to meet the specific needs and challenges of its campers. This well-balanced day camp program is unique. We are committed to implementing a program that will have a lasting impact on the lives of those who attend.

Our Camp Location

Expressions is held on the beautiful 265-acre campus of George School 1690 Newtown Langhorne Rd. in Newtown, Bucks County. The campus features two gymnasiums, indoor pool, wooded trails, team challenge course, cafeteria, dance studio, theater and stage, streams and much more.
