

## **Coming summer of 2023- The Kenya Experience**

**Global Connections Foundation, a registered 501(3) C non-profit corporation, will be leading a summer trip to Kenya in July of 2023. Similar to the trip our Big Oak campers took to Beijing, China in the summer of 2019, the cross-cultural immersion experience will provide our campers with many memorable & meaningful moments that will undoubtedly last a lifetime. Campers will experience the thrill of a safari as well as meet and interact with Kenyan children in a variety of fun cultural and educational immersion activities.**

**Camp Concepts, Inc. owner and CEO, Steve Haines, is also the C.O.O. of Global Connections Foundation. With a mission to better connect the United States with Kenya, GCF seeks to empower others through education and entrepreneurial opportunities. This trip will provide our campers an amazing and life-changing international travel experience to one of the most fascinating countries on earth- KENYA, AFRICA.**

**Steve, and his wife Ruth, traveled to Kenya in April of 2022, to lay the foundations for this trip.**

**All travel arrangements will be coordinated through GCK Travel-  
<https://www.gcktravel.com/>**

**The camper application process will be forthcoming.**

**The details of the trip will be sent out to families as well as continually added here to the portal.**
